

# MINIATURE SUBMARINES SIGN TO RICE IS NICE RECORDS

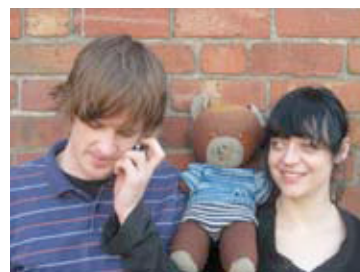

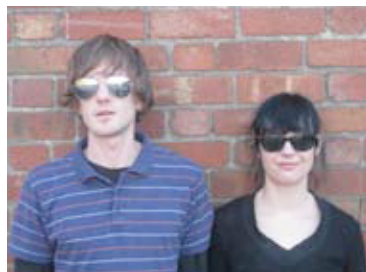

**MINIATURE SUBMARINES** is a vehicle for the solo recordings of **Mark Nelson**, otherwise known for his work in Melbourne band **The Stabs**. Stylistically the Submarines music couldn't be further removed from The Stabs sound – this is unashamedly an exercise in pop. The songs are layered in melodic guitar parts of repetition and feedback but presented with a care closer to a cotton wool caress than the steel wool scrape which Mark has been flaunting of recent years. Mark is joined by **Monika Fikerle (Love of Diagrams, Baseball)** who has been good enough to nail the hell out of the drum parts on the first couple of tracks.

The first release will be a limited 7" inch along with clip and national tour, which we will fill you in on very soon... For now, we offer you some live Miniature Submarines where Mark is joined on stage by Greg Kerlake, Alex Jarvis and Duncan Blachford to play at the following places.

- Jun 13 - THE TOTE with Tucker B's and St Helens**
- Jun 20 - THE HOPETOUN with Aleks and The Ramps**
- Jun 27 - EDINBURGH CASTLE for Castletones**
- Jul 18 - THE TOTE front bar with Mother And Father**
