

RICHARD IN YOUR MIND - SUMMERTIME EP

Rice Is Nice have signed the phenomenally talented Richard In Your Mind. Their first outing on our label will be the digitally released *Summertime EP*.

The *Summertime EP* sees Richard In Your Mind delivering a refreshing treat in anticipation of their soon-to-be-released 2nd album.

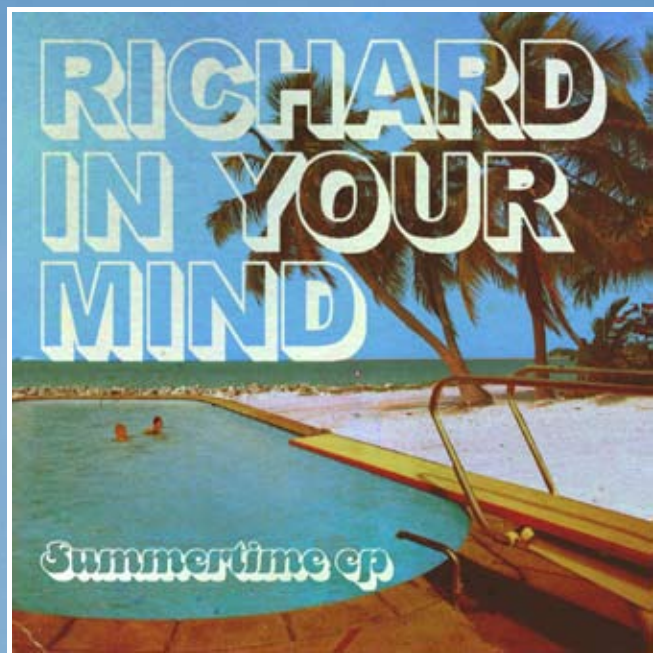

A motley crew of extroverted dorks, shy bookworms and punch-spiking delinquents, the songs on the *Summertime EP* felt they didn't need those new album songs to be cool. Instead they started their own club.

From the early 90s hip-hop flavours of 'Make It Chill' through to the frenetic 60s-meets-now explosion that is 'Summertime Boogie (do the)', RIYM have crafted a super-fun half hour of music, best served with BBQs, beach volleyball and tasty, tasty naan bread.

Richard In Your Mind's *Summertime EP* is your one-way ticket to party paradise and inner tranquility.
